J. 51

Ref.C.No.6245-L-36. South Kanara Collector's Office,
Mangalore, dated 13th January 37.

BOARD OF ...
16 JAN 1937

From

A. D. Crombie, Esquire, C.I.E., I.C.S.,
Collector of South Kanara.

To

The Secretary to
The Board of Revenue,
M a d r a s.

Sir,

Accounts - Village - Resettlement Registers - South Kanara District - issue of errata lists till the receipt of printed Resettlement Registers - orders solicited.

The Special Settlement Officer, Party No. III informs me that he cannot carry out corrections on account of errata lists in the body of the Resettlement Registers, hereafter, as his Branch Office at Mangalore has been transferred, and as the Resettlement Registers are being closed and sent to the Press. It will take a long time for the issue of the printed resettlement registers of this district, as it is proposed to print the registers of Malabar District before those of this district; and in consequence the number of errata lists issued during the interval will be very large, errata cases being always numerous in this district. If such errata lists are allowed to accumulate till the printed resettlement registers are received, the printing of copies of those lists, for distribution to the officers to whom the resettlement registers are issued, will itself involve a great deal of time and labour. The Special Settlement Officer was therefore asked whether he could not arrange to have as many of the errata lists as possible ---- printed at the beginning of the registers of the villages concerned; in reply he states that the Board should be addressed in the matter. I, therefore, request that the Board may be

pleased to issue orders regarding the disposal of errata lists which will be issued in this District till printed resettlement registers are issued.

and D.J. G no III
Portion

Res (this) no 367 of 30.1.37
The Collector is informed
that the enata lists
proper are those that
are issued for the
rectification of the
errors committed at
the reseti. Lists
showing the changes
in the registry of
holdings effected sub-
sequent to the reseti
should not be styled
as enata lists as they
only indicate the
post-reseti changes.
As the reseti register
purports to show the

State

State of things had existed at the time of the reset, the reset errors which come to light to the Revenue depts should be rectified either by correcting the ins reset regr, if it has not been printed, or by the issue of printed errata lists, if the regr has already been printed. As regards the post-set changes referred to above, the ESRO should communicate such changes only to the officers who are required to maintain a copy of the A' Regr to facilitate their work. A list of these changes need not be sent to the Board as such a regr is not maintained by it.

2/ The Board ~~[illegible]~~ considers that the errata lists in respect of reset errors which happen to be noticed by the Revenue dept

should not be allowed to accumulate till the revs are printed and that the corrections should be incorporated in the reset revs then and there. For this purpose the Collector is requested to send to the Board errata lists in respect of the reset revs of the villages already sent to the S. of S by the S. S. & No. III party. The Board will call for the revs from the Press and carry out the necessary corrections in the draft revised records. In the case of the reset revs the preparation of which is still pending with the S. S. & No. the errata lists should be sent to the S.S. for the correction of the draft records.

3/ To enable the Collector to know the villages for which the draft reset revs

reps have already been sent to the Press. The Dfo is requested to furnish the Coll with a list showing the names of all the villages for which the Govt. reps have been sent to the Press till now. As regards the reps to be sent hereafter to the Press the Dfo ~~is requested to~~ should prepare the (usual) list in triplicate and send one copy of it to the Coll in future (from orders)

pp 1-2 of J 57/37 from the Coll^r of S. Kanara.

To AS (Sett)

Please see the Collector's
letter at pp 1-2 C/f.

& The errata lists referred to by the
Collector are of 2 kinds (viz)
(a) those that are issued for
rectifying the errors committed
at resett and (b) those that are
rendered necessary on account
of the changes in the registry of
holdings effected subsequent to
the resett. As the resett regr
purports to show the state of
things that existed at the time
of the resett, corrections falling
under (a) should be incorporated
in it either in the res stock by
correcting the record concerned
or by issue of printed errata lists
if (the registers) have been already printed
The errata lists referred to in
item (b) above need not be
issued to the printed resett regr.

AS (Sett)

Then cannot be
styled errata lists.
They can only lists
of post sett. Changes
OK

as they are intended only for
the officers who are directed
with maintenance of [illegible]

Regr to each take the work
of the Rev dept. The Corrector
should make his own arrangements
for communicating such corrections
to the officers concerned.
The Collr's attention may be drawn
to these 2 kinds of errata lists
and he may be informed that
the corrections referred to in item
(a) above should be incorporated
in the Rs reset records.

3/ The printing of the reset reps
of the Malabar Dt is now in
progress and it is likely that its
completion may take about
2 more years. In the S. Kg Dt.
has in another connection reported
that the printing of the reps of the
S. Kanara Dt will be taken up only
after those of Malabar have been
printed. The printing of the former
reps can will be commenced
only after 2 years or so. If the
errata lists are allowed to
accumulate till then it

- of the S. Kanara & Malabar Dts - Reports of 3 Talugs are nearing completion in about 1½ years - Reports of 5 more Talugs have yet to be printed -

(South Kanara)

will not only swell the number unnecessarily; but also it is likely that some of them will be lost sight of. It seems therefore desirable to correct the Pol records then and there - In respect of the registers sent to the S. Eyb by the Pro, the concerned reps will be called for from the Pres and necessary Corrections will be carried out by the Board on receipt of the errata lists from the Collector. As regards the registers pending with the Pro, he may be asked to carry out the corrections in the Pol record concerned.

(h) For this purpose it is necessary that the Coll should know the villages for which the Pol reports reps have been despatched to the S. Eyb and those for which the registers are yet under preparation and still pending with the Pro. As the Pro now prepares a list of reps sent to the Pres in duplicate and sends the original to the S. Eyb and the duplicate to the Board for information, he may be asked

to prepare the lists in triplicate
in future and send the triplicate
copy of the list to the Collector
in order to enable him to know
to whom the errata lists should
be sent along with the lists
to be sent to the Collr for the
first time, the SDO may also
be asked to send a separate
list containing the names of all the villages
for which the registers
have been sent to the
Press. If this is done the
difficulty pointed out by the
Collector will not arise and the
Corrections may be incorporated
in the Draft registers without keeping
held over till the registers are
printed and issued to the Collr.

20/3

Out of 799 villages in the South
Kanara Dt, the registers of 606
villages have so far been sent
to the Press by the S.D.O and
the registers of the remaining
193 villages are pending.

with him. The Collector will have to send the errata list, if any, in manuscript to the S.V.O only in respect of these 193 registers.

The same difficulty exists in the case of the Malabar registers also and the Collector of Malabar has been sending to the Board errata lists on account of changes in the registry of holdings effected subsequent to the resurvey.

If the above proposals are approved it is submitted that a copy of the proceedings may be marked to the Collector of Malabar also.

May be done
